About Us

With the trauma of the pandemic and the fear of impending recession, employment has been and remains an ongoing concern among the youth. However, the past three years have proven that no bad times can affect people with the right skills. Especially with the onset and popularity of freelancing and remote jobs.

EME is one of India's top training facilities for skill-building in SAP, Digital Marketing, Web Development, Graphic Designing, and Hotel & Hospitality Management . The educational institution, based in the Indian metropolis of Kolkata, is renowned for providing quality training from industry experts that is market-trend focused. We aim to develop skilled and competent labor that can compete in India and worldwide and match the current standards of industry requirements. By giving them access to cutting-edge information and experience, we develop the young generation into job-oriented individuals.
